

Become part of the Our Future First Community

We are building a network of Sustainability Champions in every department and at all levels across the University.

Are you:

- Passionate about sustainability and our environment?
- Determined to make a difference?
- Able to work with others to influence collective change?

If the answer is yes, then we can offer you the opportunity to:

- Make a real difference to our University
- Inspire other people to be more sustainable
- Learn new skills to help you develop personally
- Further your professional development
- Become part of an inspiring community of determined, like minded people
